

## Table of Contents

<b>Glossary and Definitions</b>	.....	12
<b>Chapter 1: Historical Perspective</b>	.....	21
1.1	Background	.....21
1.2	Early Problems	.....27
1.3	Cable Structure	.....28
1.4	Cable Applications	.....30
1.5	Chapter 1 References	.....33
<b>Chapter 2: Cable Structure and Materials</b>	.....	35
2.1	Conductor Materials	.....35
2.2	Insulation Materials	.....36
2.3	Insulation Curing Processes	.....42
2.4	Conductor and Insulation Screen Compounds	.....54
2.5	Metal Sheaths/Concentric Neutrals	.....61
2.6	Oversheaths/Jackets	.....63
2.7	Moisture-block Materials	.....69
2.8	Chapter 2 References	.....71
<b>Chapter 3: Cable Manufacture</b>	.....	79
3.1	Basic Process Flow	.....79
3.2	Conductor Manufacture	.....80
3.3	Core Manufacture	.....82
3.4	Degassing	.....100
3.5	Neutrals and Metallic Shields	.....103
3.6	Oversheaths (Jackets)	.....105
3.7	Manufacturing - Low Voltage (LV) Cables	.....105
